

# ARK17 TECHNICAL DATA SHEET

(airless road marking system for trucks)

Images are not contractual.

MODEL	ARK17
Technology	AIRLESS
Guns:	from 1 to 3
Max line width:	90 cm ( <i>achievable only with proper optional equipment</i> )
Sprayable products:	not refractive paints, specifically formulated for airless application
Dimensions	125x95x h165 cm (without arm)
Peso	520 Kg (without arm)

STANDARD CONFIGURATION
Gasoline engine: 23 HP
Electric starting
1 pressurized tank for glass beads 100 l (max pressure 6 bar)
Airless hydraulic piston pump 17,4 l/min
Air compressor 827 l/min
High-pressure paint filter
Panel with electronic control of oil pressure

AVAILABLE CONFIGURATIONS
1 bead tank + 1 airless pump
1 bead tank + 2 airless pumps
2 bead tanks + 1 airless pump

## OPTIONAL

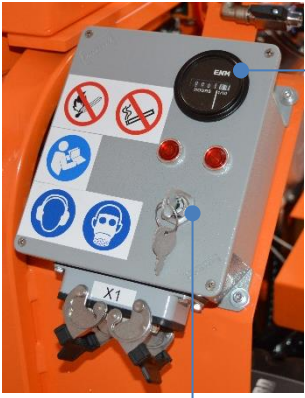

- » Gun arm. From 1 to 3 automatic airless paint guns + from 1 to 3 automatic glass bead guns
- » Electronic spacing device
- » Adjustable pointer
- » Camera and monitor to check the position of guns
- » Kit airspray: 1 automatic airspray paint gun, cocks and hoses

*Thanks to the volume of air supplied by the compressor and thanks to the construction and approvals of 100 litre tanks (max 6 bar) the ARK17 equipment could be used also for **low pressure application** of special paints with premixed beads or **antiskid** granulates!*
